Redact. Review. Release

Fast, effective & 100% secure document redaction software

# One of the UK's leading document redaction solutions

e-Redact is an advanced document redaction solution for irreversibly removing confidential and sensitive information from electronic documents and files.

The software has been used by key Government and Private Sector clients for over 15 years. e-Redact can process any electronic file including scanned output, information from a database or email files.

Files are processed electronically removing the need to print the file, significantly lowering print costs and improving the environmental credentials of your business.

The e-Redact '**Search & Redact**' tools are more accurate and efficient than manual processes and most clients see an increase in the throughput of their data protection / GDPR teams by up to 80% in under a week.

Additional cashable savings will include significantly reduced paper and photocopier usage.

# What our clients say about e-Redact

“e-Redact is just superb... It is a tool that was designed specifically for redaction and it does exactly that, quickly and easily. The software cost was repaid in just 4 months.”

**Manchester City Council**

“The e-Redact team implemented a full hardware/software solution in a day. This has dramatically improved service efficiency and saved us valuable budget.”

**The Home Office**

“e-Redact worked out as the most financially viable in terms of the procurement exercise we undertook. What impressed us most was the ease of use and the support and ongoing development of the product. The solution has allowed us to optimise all of our different work scenarios.”

**Herefordshire Council**

“We have used e-Redact for over 12 years and it is still our preferred software solution.”

**The Information Commissioner’s Office (ICO)**

“e-Redact has saved us both time and money. We have saved on both paper and printing costs in addition to staff costs due to the time being taken to redact a document being halved. The solution has allowed us to optimise all of our different work scenarios.”

**Derby City Council**

“e-Redact has transformed the way we work... It has reduced the time taken to process our redactions from 4 hours to less than an hour! We are delighted with the way in which the software produces secure redacted and audit copy files and we cannot believe just how easy it is to use...”

It is an excellent solution that paid for itself very quickly given the time savings that we achieved and I would have no hesitation in recommending e-Redact to other people looking for a complete online redaction tool.”

**Trafford Council**

“We have delivered significant time savings by moving from a purely manual redaction process to electronic redaction. We now redact large files more efficiently using the electronic tools in e-Redact.”

**Lancashire Constabulary**

“e-Redact reduced our Subject Access Request turnaround times by 40%. In turn this has allowed us to process more requests with the same staff numbers, and in many cases respond to the requester more quickly. We would happily recommend e-Redact for it’s ease of use and its time and cost saving features.”

**Aberdeen City Council**
