

Redact. Review. Release.

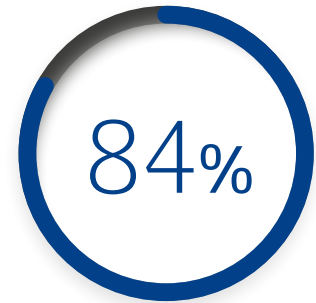

Fast and effective document redaction software,
automatically removing confidential information.

The UK's no.1 secure redaction solution

e-Redact is a document redaction product that instantly and irreversibly removes confidential information from any source quickly and reliably.

Phrases and expressions can be auto searched and redacted within seconds, enabling the protected sharing of data outside your company and with 100% eradication of security risk.

All redactions are carried out digitally, removing the reliance on paper-based files and photocopying documents multiple times.

84% time and
financial efficiency
improvements

Used and trusted

Home Office, Information Commissioners Office, Office for National Statistics, The National Archives, University Wales, Ofsted, Department of Health as well as numerous County Councils and legal institutions.

Whether you work in government, health, police, legal, education or finance, e-Redact will make a huge impact on the efficiency and accuracy of your internal document redaction process.

* General Data Protection Regulation, All in One, Environmental Information Request, Data Protection Act.

How e-Redact works

Original document

Personal information, signatures and bank details are displayed.

Audit copy

The audit copy of the document has opaque masking over the sensitive information.

Mark up copy

The redacted (mark up) version can be edited if required.

Redacted document

The redacted document is 100% secure and can now be shared without revealing sensitive information and private details.

Don't just take our word for it

"e-Redact is just superb! The software cost was repaid in just 4 months."

Manchester City Council

"e-Redact has proven to redact files 80% more efficiently than other conventional marker pen redaction techniques."

The Home Office

"e-Redact worked out as the most financially viable in terms of the procurement exercise we undertook."

What impressed us most was the ease of use and the support and ongoing development of the product. The solution has allowed us to optimise all of our different work scenarios."

Herefordshire Council

"e-Redact has reduced the time taken to process our redactions from 4 hours to under an hour."

Trafford Council

"We have used e-Redact for over 12 years and it is still our approved software solution."

The Information Commissioner's Office (ICO)

"A simple A4 page can take 20 minutes to do it manually but, using search terms, it can be completed in less than a minute."

HR Dept. Large insurance company, Swansea

"Removal of address information on letters and packages is critical when protecting witnesses living in a safe house. e-Redact has delivered this."

CPS, witness protection and anonymity
